About
DrupalCamp
Poland

Encouraged by the success of the previous editions, we organize DrupalCamp Poland for **the eighth time**. It's the biggest conference focussing on Drupal CMS/CMF, held in Poland **since 2012.**

For whom?

The programme of the conference includes sessions relating to:

- Drupal 8
- Symfony framework
- PHP
- Site building

- E-marketing
- Project management
- Business
- Drupal community

DRUPALCAMP
POLAND / 2019

… and much more!

The conference programme has been arranged to provide every participant with what they really need – both people making first steps in Drupal, advanced developers and business managers interested in the system.

International conference

DrupalCamp Poland isn't just a local event. We're reaching abroad to connect with **Drupalers from around the world**. Most of the lectures are given in English and we invite speakers and sponsors from a variety of countries.

Where are our attendees from?

Speakers

- Finland
- France
- Germany
- Sweden
- Italy
- Netherlands
- Poland
- Portugal
- Ukraine
- UK
- USA

Sponsors

- Singapore
- Poland
- Ukraine
- USA

7th and 6th editions in numbers

Year by year we use our experience and ideas to make the event better. We increase the number of lectures and introduce new forms of learning to make the conference more interesting for both new and experienced users of Drupal.

| DrupalCamp Poland		
Edition	7th edition	6th Edition
Attendees registered	140	100
Attendance	95%	70%
Lectures	23	12
Workshops	5h	0h

Plans for 2019

We doubled the numbers of volunteers and time intended to plan the upcoming edition. We'd like to organise even more lectures and increase the number of workshop hours. And most important, the target for 2019 is to sell **200 tickets** for the attendees.

With your help, we can make it happen!

Drupal Marketing Poland Foundation

We, the polish Drupalers, joined forces to promote Drupal and the idea of the Open Source software to the broader audience. People responsible for past editions as well as new volunteers with heads full of fresh ideas ensure the success of coming edition. For the first time in the history of DrupalCamp Poland, the conference will be governed by the association gathering **the most active members of the community.**

For more information please reach us at drupal.org.pl.

Wrocław - the meeting place

As always, DrupalCamp Poland takes place in **Wrocław**. The city proved to be the best place for the conference, for a variety of reasons:

- Direct flights, road and train connections with the biggest cities in Poland and the rest of Europe.

- Easy-to-find, affordable accommodation and inexpensive public transport.

- It's the third largest educational centre of Poland and one of the best economically performing cities in Europe making it the perfect place for business.

- Large numbers of bars and pubs that offer something for everyone.

What's in it for you and your company?

If the content is a King, then its visibility is a Queen. And we gladly grant you the favours of Her Internet Majesty.

First of all, **your logo will be visible all the time**. We'll put it on our **"Sponsors" page** and, for the most generous supporters, **on the main page** too, so it's literally one of the first things that every attendee see. We offer also some more tangible ways to show your contribution, namely **visibility on every badge and every tote bag** that we hand over to attendees upon the checking.

Each sponsor will receive **the mentions in Facebook and Twitter posts** that are sent during the event. What's more, we'll put your name or the name of your company not in one, but **two e-mails** that will be delivered to the attendees before the conference. Again, we'll enable the most generous sponsors to use those e-mail as a way to **connect with the best Drupal experts** there are in Poland. **Invite them for the interview** to fill the positions in your company or **schedule a chat** over the coffee or the beer, whichever you prefer.

Still not enough?

Introduce yourself with informational **leaflets or brochures.** Get the attendees to know you better by setting the stall for your team. Make everyone remember you by funny **gifts from you included in the welcome pack.**

Finally, your contribution won't be forgotten once the conference is over. Place **your banners at the rooms** and let us set your **logo at the slide** displayed between the lectures to get them **recorded and set in the videos** from the Camp that we share at our YouTube channel. Even the future generations of programmers and your potential customers will know that you gave back to the Drupal community and supported the event!
